This assistance is provided as a 0 percent interest, zero payments, five-year deferred payment loan, meaning that as long as the homeowner remains the primary resident through the maturity date of the security deed, the lien is canceled, and no payments are required. Beginning on the first anniversary date of the security deed, the principal will be reduced by 20 percent each year. *Individuals that have not owned property in three years qualify as first-time applicants.*

This loan qualifies as a Soft Second Mortgage and can be applied to any regular fixed rate loan (i.e., FHA, VA, or Conventional) without an adjustable-rate mortgage component. This program will **not** participate with any form of 203k, Repair, or Escrow type loans. Short sale agreements **must** have written approval from the bank owner prior to consideration. *The purchase of HUD homes may be considered, with full understanding that the home must pass our Uniform Physical Condition Standards program inspection before approval.*

PROGRAM TIMELINE

Estimate 30-45 Days

All pre-application documents are submitted to GCCDP (Checklist, Class Certificate, Loan Pre-Approval letter, and Credit Scores).
GCCDP sends out an appointment request form once all the required pre-application documentation is received. Applicants are encouraged to contact GCCDP for an appointment once they have put an eligible property under contract.
The applicant contacts GCCDP when they have an eligible property under contract to set up an appointment based on the schedule of program staff and the applicant.
The applicant fills out a formal application and provides the GCCDP staff with all required documentation (ID, Proof of Income, and Assets Statements). Applicants are notified at this time of any documents that are missing that are preventing the final eligibility from being determined and are asked to submit those documents as soon as possible.
GCCDP will complete the file once all documentation has been received. After certifying the applicant is eligible, a program approval certification is issued to the program participant and the program issues a property inspection authorization. Applicants are given the responsibility of setting up the inspection appointments.
Program inspectors submit the inspection reports back to GCCDP.
After GCCDP receives a passed inspection report and an environmental is completed, the program participant is entered into reporting system and a payment request is created for review.
The Payment Request is approved and submitted to the Department of Financial Services.
The Department of Financial Services processes the payment request.
When the assistance check is available, the program participant is notified, and the closing is scheduled.
GCCDP will overnight all required legal documents to the closing attorney and will review the Closing Disclosure to clear the property for closing.

**Estimated timelines are contingent upon all required documentation being received by the GCCDP office and the program participant scheduling a timely property inspection.*
