

PLANNING AND DEVELOPMENT DEPARTMENT CASE REPORT

Case Number: RZR2024-00026
Current Zoning: R-100 (Single-Family Residence District)
Request: Rezoning to RA-200 (Agriculture-Residence District)
Property Address: 4260 Beaver Road
Map Number: 4246 001
Site Area: 5.13 acres
Proposed Development: Agricultural Uses
Commission District: District 3 – Commissioner Watkins
Future Development Type: Suburban Residential

Staff Recommendation: DENIAL

Applicant: Katrina Roman and Zack Newcome
4260 Beaver Road
Loganville, GA 30680

Owners: Katrina Roman and Zack Newcome
4260 Beaver Road
Gwinnett County, GA 30680

Contact: Katrina Roman

Contact Phone: 404.368.9312

Zoning History

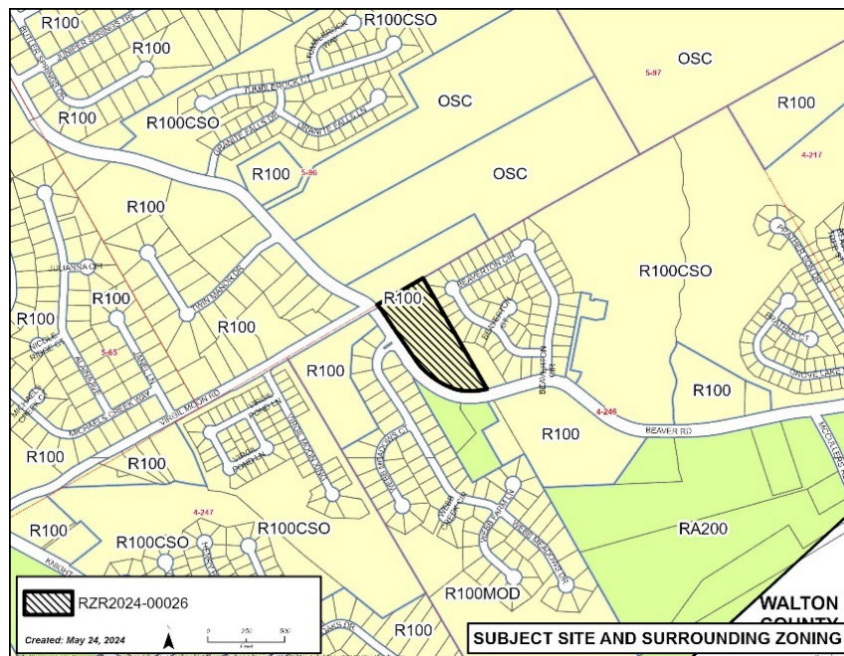

The subject property is zoned R-100 (Single-Family Residence District). In 1984, it was rezoned from RA-200 (Agriculture -Residence District) to R-100 as part of a county-wide rezoning.

Existing Site Condition

The subject property is located along Beaver Road at its intersection with Virgil Moon Road, near the Walton County line. The property contains a one-story brick residence, a detached garage, and two metal accessory structures. The site is accessed by two curb cuts on to Beaver Road. The property primarily consists of a grassed pasture area, with trees located along the perimeter, and a pond in the southeast corner. There are several coops on wheels for chickens, quail, and turkeys east of the house. There is a six-foot-tall wooden privacy fence located on the subdivision properties to the east. The terrain slopes gradually from northwest down to southeast. The nearest Gwinnett County transit stop is approximately 5.2 miles from the site.

Surrounding Use and Zoning

The area has a generally suburban character with some rural characteristics. The site is surrounded by single-family detached residences on large lots and within subdivisions. The Beaverton Estates and Webb Meadows subdivisions are to the east and west, respectively. The following is a summary of surrounding zoning and uses:

Location	Land Use	Zoning	Density
Proposed	Agricultural Uses	RA-200	0.20 units per acre
North	Single-Family Residential	R-100	0.25 units per acre
East	Single-Family Residential	R-100CSO	3.74 units per acre
South	Single-Family Residential	RA-200	0.69 units per acre
West	Single-Family Residential	R-100	0.18 and 1.70 units per acre

Project Summary

The applicant requests rezoning of a 5.13-acre property from R-100 to RA-200 to allow for certain agricultural uses. The current R-100 zoning district allows for the raising and keeping of livestock for personal pleasure or utility with a few restrictions: 1) no roosters allowed, 2) certain standards for the keeping of chickens, including the minimum pen area, chicken structure location, minimum square feet per chicken in each coop, and 3) no on-site livestock slaughter for sale.

The proposed RA-200 zoning would include the following:

- Keeping livestock on the property, including chickens, turkey, quail, pigs, sheep, and goats. (Allowed in R-100)
- Keeping roosters (Not allowed in R-100)
- Livestock slaughter for sale (Not allowed in R-100)
- No exterior alterations or additions to the site are proposed.
- A code enforcement complaint (CEU2024-02704) was initiated for the keeping of roosters.

Zoning and Development Standards

The applicant is requesting a rezoning to RA-200 for agricultural uses. The following is a summary of applicable development standards from the Unified Development Ordinance (UDO):

Standard	Required	Proposed	Meets Standard?
Lot Size	Minimum 40,000 square feet	5.13 acres	YES
Lot Width	Minimum 200'	> 200'	YES
Building Lot Coverage	Maximum 25% of site	< 25%	YES
Front Yard Setback	Minimum 35'	> 35'	YES
Side Yard Setback	Minimum 20'	20'	YES
Rear Yard Setback	Minimum 40'	> 40'	YES
Building Height	Maximum 35'	< 35'	YES
Animal Enclosure Setback	Minimum 100'	> 100 ft	YES

Internal and External Agency Review

In addition to these Development Standards, the applicant must meet all other UDO requirements related to infrastructure improvements. Internal and External agency review comments are attached (Exhibit E). Standard site and infrastructure improvements will also be required related to stormwater, transportation, water, and sewer utilities. Recommended improvements not already required by the UDO have been added as staff recommended conditions.

Staff Analysis

Rezoning Request Analysis: According to the UDO, if a proposed amendment is for the rezoning of property and involves a change in zoning classification, the Department shall evaluate the request and make a recommendation with respect to the standards governing exercise of zoning power as defined in Section 270-20.6. After this evaluation, staff makes the following findings based on the standards from the UDO:

A. Whether a proposed rezoning will permit a use that is suitable in view of the use and development of adjacent and nearby property.

The proposed rezoning to RA-200 to allow for roosters and livestock slaughter for sale would permit a use that is not suitable in view of the use and development of adjacent and nearby property. The subject property abuts a 61-lot subdivision located immediately to the east, and an 81-lot subdivision located across Beaver Road to the west. The keeping of roosters would negatively impact both subdivisions, especially given that a complaint regarding roosters was filed with the County.

B. Whether a proposed rezoning will adversely affect the existing use or usability of adjacent or nearby property.

The proposed rezoning could adversely affect the existing use or usability of adjacent or nearby property by causing nuisance auditory or odorous impacts on nearby property owners and residents, especially given that a complaint regarding roosters was filed with the County.

C. Whether the property to be affected by a proposed rezoning has a reasonable economic use as currently zoned.

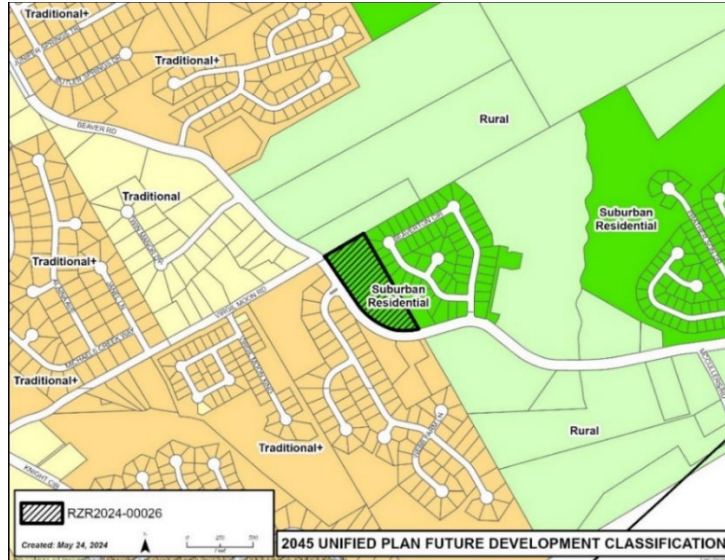

The property has a reasonable economic use as currently zoned.

D. Whether the proposed rezoning will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.

The proposed rezoning will likely not result in a use which would or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools. Agency review comments concerning potential improvements related to the request are attached (Exhibit E).

E. Whether the proposed rezoning is in conformity with the policy and intent of the Unified Plan and Future Development Map; and

The Unified Plan's Future Development Map identifies the subject property as "Suburban Residential", which is representative of single-family residential development. Agricultural use is not recommended for this development type, and RA-200 is not a recommended zoning district. The current zoning district R-100 is a recommended zoning district for this development type. The proposed rezoning is not in conformity with the policy and intent of the 2045 Unified Plan and Future Development Map.

F. Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the proposed rezoning.

The R-100 zoning district allows the keeping of livestock for personal use as long as certain conditions are satisfied to protect nearby residents. Recognizing the changing development pattern of the area, the property was rezoned from RA-200 to R-100 in 1984. Since that time, the area has transitioned from rural to suburban residential making an agricultural use, including roosters and the slaughtering of animals, incompatible with surrounding uses.

Staff Recommendation

Based on the staff’s evaluation of the request and the standards governing the exercise of zoning power, the Department of Planning and Development recommends **DENIAL** of the rezoning request.

NOTE: The following conditions are provided as a guide should the Board of Conditioners choose to approve the petition.

Approval as RA-200 (Agriculture-Residence District) for agricultural and residential uses subject to the following conditions:

1. No more than two roosters shall be allowed.
2. On-site animal slaughter shall be prohibited, except for chicken, turkey and quails. All slaughter activity shall occur inside of a structure.
3. Fencing shall be installed to contain livestock, and animal enclosures shall be at least 100 feet from any property lines, subject to the review and approval of the Department of Planning and Development.
4. Supplemental plantings shall be installed along Beaver Road and along the north and west property to enhance the vegetative screening, subject to the review and approval of the Department of Planning and Development.

[attached]

Katrina Roman & Zack Newcome
4260 Beaver Road, Loganville, GA 30052

My family and I are residents of Loganville, GA. We bought our agricultural land in 2015 from a family who had owned it since 1900. We bought it because we thought it was zoned agricultural based on the real estate listing (<https://www.trulia.com/home/4260-beaver-rd-loganville-ga-30052-14696209>). Originally, the land was 50 acres and used to farm soybeans. The land was parted out into 5 acres lots to be given to members of the original family. Three of these lots are still used for agriculture, two of which are zoned RA200. Many more properties south of us on Beaver Road are also zoned RA200. We purchased the property at 4260 Beaver Road to continue the agricultural tradition of the land.

We rely heavily on our 5-acre farm for sustenance; it's not just a plot of land but our home and source of livelihood. However, the current R100 zoning is limiting us from fully utilizing the potential of our land to feed our children. Our current farming practices under R100 are out of compliance with Gwinnett County Code Enforcement. We are restricted from processing any animals for food, a practice that is noiseless and odorless. We are forbidden from having roosters, which is necessary to perpetuate a flock. Chickens are great egg layers until they are about 18 months old, at which point their egg production declines. Approximately every 18 months, a flock of chickens would need to be replaced. This is not possible without a rooster. We would like to expand to raising goats, sheep, and pigs. We would be compliant under RA200, with no variances required. Rezoning our property to RA200 would allow us greater freedom in managing our farm and its animals in order to feed our children.

Granting rezoning to RA200 would not only benefit our family, but it would contribute positively to the local economy. We have many friends in the community who love visiting us because they can see all the animals. They come from places such as Mansfield, Oxford, Monroe, Cumming, Atlanta, and Stockbridge. When these friends visit, they are supporting the Gwinnett economy. They fuel up their vehicles in Loganville, they eat at our Loganville restaurants, and they run their errands in Loganville.

Granting rezoning to RA200 would also benefit the children in our community. When our friends visit with their children, we are able to educate them for free on where our food source comes from, compassion for animals, and the life cycle. We receive invitations from many educational institutions to bring a free "petting zoo" where we can educate outside of the farm. Without farms like ours, children cannot get that kind of hands-on education. If we are denied our petition for rezoning, we will not be able to perpetuate our flock, demonstrate the life cycle with roosters and chicks, or expand into

Katrina Roman & Zack Newcome
4260 Beaver Road, Loganville, GA 30052

caprine, ovine, or porcine, therefore being prevented from educating our community's children.

Granting rezoning to RA200 would allow us to continue helping members in the community. We donate any surplus of eggs to families in need. We also donate eggs to veterans as a small token of our gratitude for their service to our country. Again, we cannot have such a great egg supply without a rooster to keep an active egg-laying flock.

Suburban sprawl has been a dark mark on Gwinnett County's history. Preserving our farm as RA200 will keep us as a green space. Our neighbors are in great support of this preservation. The community at large has shown their support by signing our petition in support of rezoning our farm from R100 to RA200: <https://www.change.org/TwinOaksFarm>

We are responsible and active farmers. We ensure that our farming practices are good and healthy for the community, that our birds will not spread communicable diseases to other backyard chicken flocks, and that any donated eggs will not make the community sick. Any meat that we process is only for personal consumption. We are currently certified by the USDA's National Poultry Improvement Plan (NPIP). Our NPIP certification guarantees that our flocks are free of Salmonella Pullorum, Salmonella Gallinarum, Mycoplasma gallisepticum, mycoplasma synoviae, Mycoplasma meleagridis, and Avian Influenza. We also hold an Egg Candling License by the Georgia Department of Agriculture. This license requires hours of training and testing so that we may sell eggs to the public with minimal risk of spreading food-borne illnesses. We are a registered USDA farm; farm number 2618 with a tract number of 5266. We have received support from the Georgia Poultry Federation.

Georgia passed amendment HB1150 to the Freedom to Farm Act stating, "It is the declared policy of the state to conserve, protect, and encourage the development and improvement of its agricultural and forest land and facilities." Agricultural facilities is defined as "any land [...] which is used for the [...] processing of crops, livestock, animals, poultry, honey bees, honeybee products, livestock products, poultry products, [...]. Our farm is such land. We have met the threshold for operating for over a year, as our land has been farmed since 1900 and continued when we took over in 2015. To deny us our rezoning to RA200 could potentially lead Gwinnett County to not be in compliance with state laws.

05/16/2024

Katrina Roman & Zack Newcome
4260 Beaver Road, Loganville, GA 30052

We have no intention of ever leaving our farm. It is not possible for the 2045 Unified Plan published by Gwinnett County to earmark our property for future suburban development. According to Georgia HB1313, the Landowner's Bill of Rights, it would be unlawful to claim that sort of stake in our property as that can only be done for public benefit. Suburban development does not constitute public use. Basing a rezoning decision on this 2045 Unified Plan's unlawful claim for our land is in direct violation of Georgia law.

The methodology for creating the 2045 Unified Plan, based on Appendix D, is faulty. The plan was created over the course of several meetings with a handful of citizens at each meeting. This is a small sample size of citizens from a county nearing one million citizens. Gwinnett County Planning and Development adopted this plan, knowing that it was not representative of what citizens of Gwinnett county want as a whole, and yet it is still used as a criteria for decision making, based on Gwinnett county's Unified Development Ordinance: 270-20.5.E¹. This was admitted in a virtual meeting between us and Daniel Robinson and Andrew Russell on May 7, 2024 at 11 AM. We have drafted a petition at [Change.org/TwinOaksFarm](https://www.change.org/p/twin-oaks-farm) with over 2,500 signatures that is a better representation of what citizens want to see from our 5 acre farm. Our 5 acre farm is also not large enough for "suburban development" and does not meet the minimum requirement of 10 acres to be zoned as OSC, per the Unified Development Ordinance 210-50.12.A². Even if this acreage requirement is ignored, a minimum conservation space of 25% of the land would need to be preserved, leaving approximately 3.75 acres available for suburban development, per the Unified Development Ordinance 210-50.12.B³.

Being granted the rezoning from R100 to RA200 will allow us to feed our children, but the benefits are far greater than that. The change to RA200 will have a continual positive impact on the local economy, the education of the next generation, and the needs of the community and its veterans.

¹ Standards Governing Exercise of the Zoning Power. The Board of Commissioners finds that the following standards are relevant in balancing the interest in promoting the public health, safety, morality, or general welfare against the right to the unrestricted use of property and shall govern the exercise of the zoning power:

E. Whether the proposed rezoning is in conformity with the policy and intent of the Unified Plan and Future Development Map.

² Property in the OSC District shall be developed in accordance with Section 230-10 of the UDO, Dimensional Standards of Zoning Districts, the applicable site related provisions of Title 3 of the UDO, and the following additional standards:

A. The minimum parcel area for which the OSC district is permitted shall be 10 acres.

³ Property in the OSC District shall be developed in accordance with Section 230-10 of the UDO, Dimensional Standards of Zoning Districts, the applicable site related provisions of Title 3 of the UDO, and the following additional standards:

B. Minimum conservation space is 25 percent of total project acreage prior to subdivision. All conservation space shall be comprised of primary conservation area and secondary conservation area.

STANDARDS GOVERNING THE EXERCISE OF THE ZONING POWER

Pursuant to requirements of the Unified Development Ordinance, the Board of Commissioners finds that the following standards are relevant in balancing the interest in promoting the public health, safety, morality, or general welfare against the right to the unrestricted use of property and shall govern the exercise of the zoning power.

Please respond to the following standards in the space provided or use attachment as necessary:

- (A) Whether a proposed rezoning will permit a use that is suitable in view of the use and development of adjacent and nearby property:

The property has been used for farming since 1900. We bought the property to continue that tradition. The area remains rural in character, with many properties on Beaver Road zoned RA200 and also functioning as farms.

- (B) Whether a proposed rezoning will adversely affect the existing use or usability of adjacent or nearby property:

This property and several other properties on Beaver Road have been used for farming before any other residences existed in the area. The change will not affect existing use or usability of adjacent or nearby property.

- (C) Whether the property to be affected by a proposed rezoning has reasonable economic use as currently zoned:

There is no reasonable economic use as R100. RA200 will allow the property to be in compliance in its use since 1900.

- (D) Whether the proposed rezoning will result in a use which could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools:

The rezoning will not create any additional burden on the streets, transportation facilities, utilities, or schools.

- (E) Whether the proposed rezoning is in conformity with the policy and intent of the Unified Plan and Future Development Map:

No, my property is the only land on Beaver Road earmarked for suburban development, out of character for an area full of RA200 farms.

- (F) Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the proposed rezoning:

Changing to RA200 will allow us to feed our children by allowing roosters to grow our chicken flock and allow us to process animals into food. We would be able to continue educating children in the community for free on the life cycle and food source. Rezoning would preserve Green Space that

District 3 Commissioner

Jasper Watkins III

Gwinnett County Board of Commissioners

75 Langley Drive

Lawrenceville, GA 30046

Re: Rezoning 4260 Beaver Road, Loganville, GA 30052 (Twin Oaks Farm) to RA200.

Dear Commissioner Watkins,

I have been a proud resident of Georgia for the past nineteen years. I completely understand why Georgia is growing and why Gwinnett is a wonderful place to live. I, however, have also noticed the removal of local farms is adversely affecting some of the charm that makes cities like Loganville and Grayson so special. For this reason, I am writing on of behalf of the Roman family. Please rezone their property at 4260 Beaver Road, Loganville, GA 30052 (Twin Oaks Farm) to RA200. It would be such a shame to lose this farm in particular due to its overwhelming positive impact on our community. I don't think they are holding Gwinnett back from growth but rather serve as a major selling point for families who want to live in that area.

I have known the Roman family for a few years. They are a very sweet family who are extremely active in the local community. Katrina especially is always out and about at the parks and attending classes and storytimes at the library and local bookstores. She often shares about their farm and the animals. She invited us over for a tour and my children adored seeing the chickens and turkeys up close. My fourth grader mentioned after our tour that now he understands why Benjamin Franklin recommended that a turkey be our national bird. He was so impressed by how they retained everything that Katrina taught him. I was at the farm another time with loads of preschool children and saw how Katrina carefully showed them all a silky chicken and explained some of the different breeds of chickens. The preschoolers were fascinated.

I know that the Roman family depends on their farm as a major food source. They love and take the utmost care of their animals. Additionally, I know that Katrina donates extra eggs to local families in need and veterans. Sharing healthy farm-to-table food is a blessing for our community, especially those suffering from a food shortage.

RECEIVED

05/16/2024

I am asking you to help rezone the property on 4260 Beaver Road, Loganville, GA 30052 (Twin Oaks Farm) to RA200. I read online that a county spokesperson said that “in the future development map of the 2045 unified plan, this property is designated as suburban residential, where (agricultural residences) is not a recommended zoning district.” The very sad part of this is that I and many locals enjoy the Twin Oaks farm. We don’t think that the projections for the future should limit the current occupants. If the family sells the farm in the future, I think rezoning it back to residential would be a fair compromise. However, right now the farm is of great service to the community that already lives here. I found it odd that in Parkland Communities' press release, they directly mentioned that “This area of Gwinnett County is known for its equestrian lifestyle, with many beautiful horse farms that create a quiet pastoral setting for the area.” Twin Oaks farm is part of that beautiful pastoral setting. The farm acknowledges Georgia's rich farming heritage and supports education. It would be a shame to lose such a local gem. Even the housing developments are trying to use this setting as a selling point because they know it helps make Georgia special.

Please allow the property at 4260 Beaver Road, Loganville, GA 30052 (Twin Oaks Farm) to be rezoned to RA200.

Thank you for your support of local, small farms. Thank you for rezoning their land to RA200 so that this farm may continue to be a blessing to children, veterans, and families in our community.

Respectfully,

Maria Prince

2949 Hester Town Road

Monroe, GA 30655

Cathy Malone	Buford	GA	30519	US	2024-04-25	"That property is most likely R200 at some point in time they have the right to get it rezoned to agricultural just like agricultural to high density this is property discrimination."
Vickie Smith	Winder	GA	30680	US	2024-04-25	"A small family farm is good for the community! Gwinnett County should welcome the farmers bc all land going to subdivisions is bad for the quality of life and bad for the environment!"

RECEIVED

Michelle Killin	Snellville	GA	30078	US	2024-04-25	"What right is right. This is just another politician's ploy to garner votes. Gwinnett Commissioner, do what right instead of caving to pressure groups."
Shantell Smith	Lawrenceville	GA	30045	US	2024-04-25	"Because Gwinnett County has way too many housing developments, not enough schools, and the traffic is outrageous. I moved to Gwinnett to get away from the noise and hustle and bustle of city life but you are being that same congestion to Gwinnett county."
Willene Denne	Canton	GA	30114	US	2024-04-25	"They need to keep their Land. It's theirs not Gwinnetts to take away just to have more houses to sell"
Tammy Linder	Jefferson	GA	30549	US	2024-04-25	"We already have too many neighborhoods, which causes more traffic. We need more farms like this."
David Bollinger	Jefferson	GA	30549	US	2024-04-25	"Perhaps we should take the zoning commissioner's homes and redesignate them Business instead of residential. See how they like having something just taken away. I remember when Gwinnett had all kinds of water issues because they built too any residences too fast and outstripped their water supply."
Jonathan Cas	Loganville	GA	30052	US	2024-04-25	"Too many houses in Gwinnett already, too much density and we are loosing valuable individual owned greenspaces, the roads already can not handle the level of residential density that has been forced into this area, area was historically zoned agriculture and should remain so!!"
Pam Yates	Atlanta	GA	30301	US	2024-04-25	"We don't need more giant housing developments. We need more farms and farmers."
Wilhemina Av	Lawrenceville	GA	30046	US	2024-04-25	"I stand with the family that owns this particular land and I believe in what they are doing in the community. They should be allowed to provide /grow their own food on the land that they purchased for their family."
Nicole Theba	Scottdale	GA	30079	US	2024-04-25	"I'm an signing because - how is the county going to proposed a development on a property and make plans for an owners property. We need green space to much crammed building in the counties , it should be grandfathered in . They didn't just start this farm it's been in existence. Just plain ridiculous"
Destiny Riles	Charlotte	NC	28277	US	2024-04-25	"This family is doing something admirable and generational. Let them be. Nothing negative is being produced this is all resourceful"
Sandy Taylor	Stockbridge	GA	30281	US	2024-04-25	"This is their property. You should not rezone because you have decided to build more houses. Leave this family alone. Shame on the City, County and Government for causing these issues for a family who OWNS this land and uses it to provide for their family and others."
Crystal Velasc	Macon	GA	31216	US	2024-04-25	"The fact that it was a farm for over 100 years should be a factor. Just because it was parceled out doesn't negate that. And using the excuse of needing more homes has zero effect on someone's personal property."
Carol Marie Si	Dacula	GA	30019	US	2024-04-25	"Because they bought the property as a farm!! Leave this family alone, government overreach!!!"

Water & Sewer Utility Map

LOCATION

Water Comments: GCDWR does not have comments for this rezoning case. The existing facility is connected to public water.

Sewer Comments: GCDWR does not have comments for this rezoning case. The existing facility is on septic and will remain on septic.

Water Availability: Water demands imposed by the proposed development may require upsizing or extensions of existing water mains in order to meet Gwinnett County Standards and fire flow demands. Any cost associated with such required improvements will be the responsibility of the development. Current Gwinnett County Standards require a minimum of 12" pipe size for commercial developments and a minimum of 8" pipe size for residential developments. Additionally, connection to a minimum of 12" and 8" mains are required for commercial and residential developments, respectively. It is the responsibility of the developer's engineer to confirm pressure and volumes are available for the development.

Sewer Availability: A Sewer Capacity Certification must be obtained from Gwinnett County to confirm the existing system can serve the development. Sewer demands imposed by the proposed development may require upsizing and/or extensions of existing sewer mains, and/or upsizing of an existing pump station, and/or installation of a new pump station. Any cost associated with such required improvements will be the responsibility of the development. The developer shall provide easements for future sewer connection to all locations designated by Gwinnett County during plan review.

Water and Sewer Design and Construction Requirements: Extensions of the water and/or sanitary sewer systems within the subject development must conform to this department's policies, Gwinnett County's ordinances, and the Water Main and Sanitary Sewer Design and Construction Standards and Specifications, dated April 5th, 2016. Subsequent to design, construction, inspection, and final acceptance of the required utilities, service would then become available under the applicable utility permit rate schedules.

Private Road Developments: Any development with private roads must comply with the Standard Policy Requirement for the Installation of Water and Sanitary Sewer Mains within Private Developments. This policy stipulates minimum easement requirements and location of public mains and appurtenances, among other requirements.

Residential Rezoning Impact on Local Schools

NLGREEN	<p>From: Katrina Roman <katrinamroman@gmail.com> Sent: Thursday, April 25, 2024 11:16 AM To: McGee, Maddy <Madeline.McGee@gwinnettcounty.com> Cc: Green, Newton <Newton.Green@gwinnettcounty.com> Subject: Rezoning Application questions for 4260 Beaver Road</p> <p>CAUTION: This email originated from outside of Gwinnett County Government. Maintain caution when opening links, attachments, or responding. When in doubt, contact phishing@gwinnettcounty.com.</p> <p>Hello! Since we last spoke on the phone, a lot has happened.</p> <p>Newton Green has granted us an extension on our notice of violation.</p> <p>I have had my Pre-Planning Meeting with Andrew Russell.</p> <p>I am now filling out the Rezoning Application and I have some questions. I hope you're the person to ask and if not, I hope you can direct me to the right person/department.</p> <p>Under "Residential Development" section, what is "Density" and "Floor Area Ratio"?</p> <p>What is a "Legal Description" and how do I get a legal description?</p> <p>Final question: how do I turn in my application? Email?</p> <p>Thank you, Katrina Roman</p>	4/25/2024

NLGREEN	<p>From: Russell, Andrew <Andrew.Russell@gwinnettcounty.com> Sent: Thursday, April 25, 2024 1:51 PM To: McGee, Maddy <Madeline.McGee@gwinnettcounty.com>; Katrina Roman <katrinamroman@gmail.com> Cc: Green, Newton <Newton.Green@gwinnettcounty.com> Subject: RE: Rezoning Application questions for 4260 Beaver Road</p> <p>Hi Katrina,</p> <p>I can assist you with your questions regarding filling out the rezoning application.</p> <p>Density is the number of dwelling units (houses) divided by the acreage of the lot.</p> <p>Floor Area Ratio can be left blank as it is not applicable to the subject zoning districts.</p> <p>A Legal Description is a description of the lot lines of your property. You may have received it in the closing documents when you purchased the property. If not, a surveyor can provide it for you.</p> <p>Submit your application via email to p&d-planningzoning@gwinnettcounty.com.</p> <p>Additionally, if the intended use(s) you have for the property will require any variances from the conditional use regulations, or any other relevant regulations, you may request such variance(s) by asking for them by indicating the number of variances requested on the application form and by addressing them in the Letter of Intent (LOI).</p> <p>We are here to provide any assistance needed with the application process. Please do not hesitate to reach back out if you have any additional questions. Thank you.</p> <p>Andrew Russell, AICP Planner Planning and Development Gwinnett County 678.518.6037 446 West Crogan Street Lawrenceville, GA 30046 www.gwinnettcounty.com</p>	4/25/2024
NLGREEN	Being a call to Ms. Romans (404-368-9312) to confirm visit.	6/4/2024

INSPECTIONS

Inspection	Requested	Scheduled	Completed	Status	Inspector	Comment
Re-Inspection	5/21/2024	5/28/2024	6/4/2024	Complied	Newton Green	Upon final inspection: the Residents have complied: the roosters have been removed from the property. Met with Ms. Romans who conducted the tour of the property. No other violations were observed
Re-Inspection	5/13/2024	5/20/2024	5/21/2024	Not Complied	Newton Green	Met with homeowner's and let them know that we have to close (violations have to be complied) or citations have to be given. Extension of one more week given to get rid of the roosters, to which they agreed.
Re-Inspection	4/25/2024	5/9/2024	5/13/2024	Not Complied	Newton Green	The Resident has not fully complied: roosters are still on the property (heard crowing from behind the building)
Re-Inspection	4/3/2024	4/10/2024	4/9/2024	Not Complied	Newton Green	The Resident has not fully complied: there is tires still at the front of the house, the woods have been removed, no confirmation yet that the roosters have been removed, owners have stated that they were not conducting business but had the farm to feed their family.
Initial Inspection	4/3/2024	4/3/2024	4/3/2024	Field Official Notice	Newton Green	Outdoor storage(tire/wood), reported roosters/home occupation, posted information sheet/field notice to the effect.
