COMMERCIAL MOVING SERVICES ON AN ANNUAL CONTRACT SPECIFICATIONS & REQUIREMENTS

Scope of Work

Gwinnett County is soliciting competitive pricing for Commercial Moving Services on an Annual Contract for scheduled and unscheduled elections that will occur during the contract period. These services are needed to move election equipment stored at the Gwinnett County Voter Registrations & Elections Division to and from polling sites throughout the county. The dates of the elections and the specific times and dates the services are needed will be provided annually to the successful bidder.

The successful contractor must be prepared to work closely with the staff of the Gwinnett County Voter Registration & Elections Division of the Department of Community Services. A cooperative collaboration will be critical to achieve successful scheduling and completion of the services during each election period.

General Requirements

During each election period, the successful contractor must be prepared for the following:

1. There are a total of 156 polling locations that will need to have equipment transferred from Voter Registrations & Elections located at Suite 200, 455 Grayson Highway, Lawrenceville, Georgia 30046. The list of each location and estimated number of cages to be delivered/picked up is included in this Invitation to Bid. All equipment will be grouped by precinct prior to pick up. The number of cages may vary slightly and will be the responsibility of the awarded service provider upon notification from Gwinnett County Elections. The County reserves the right to change, add or delete polling locations at any time during this contract. The successful vendor will be notified of any changes in writing.
2. Currently, seven (7) of the locations will have equipment delivered twice; once for early voting, which begins approximately two weeks before the actual date of the election, and again on the dates that will be provided to the successful bidder. The County reserves the right to change, add or delete early voting locations at any time during this contract. The successful vendor will be notified of any changes in writing.
3. Equipment must be picked up on the day of delivery for security reasons. The awarded vendor may begin picking up equipment at Voter Registrations and Elections as early as 7:00 AM on the day of delivery. Equipment should be dropped back off to elections by 8:00 PM on the day the equipment is picked up from precincts. If the awarded vendor is not able to meet this deadline they will need to coordinate approval with the Elections office prior to providing services.
4. For each election period, equipment must be delivered approximately one week prior to the actual date of the election, according to the schedule that will be provided to the successful bidder.
5. All items to be delivered will be secured in locked metal cages (pictured below) when leaving the elections warehouse. Locks will be provided by Gwinnett County. Cage weight varies depending on what is in the cage. However, each cage weighs approximately 300 lbs. The contents of cage will vary from approximately 450 lbs to 700 lbs. Each precinct will have one ballot scanner (pictured below). Each cage will include ballot marking devices and printers. The cage will also include consumable items such as ballots, signs, posters, notices, laptops and label printers.

6. Crowd control barrier posts come in sets of two (2). Early Voting locations will have five (5) sets of these posts and regular voting locations will have two (2) sets. Crowd control barrier posts will not be in the cages.
7. Two (2) ballot scanners will need to be delivered to each early voting location. Each regular location will have one (1) ballot scanner. Ballot Scanners will not be in the cages.
8. Some voting locations will also need eight (8) foot tables delivered. Exact quantity will be addressed with the awarded vendor. The tables will not be in the cages.
9. The estimated numbers contained in this solicitation are based on Voter Registrations & Elections' best estimates of required equipment allocation based on the (State mandated) current formula for calculating voting equipment distribution based on the total number of active voters per precinct. Actual quantities may vary.
10. Equipment allocation could change due to an increase or decrease in the number of active voters per precinct or a change in the law.
11. Voter Registrations & Elections has two loading docks that will be available for pick up and drop off of equipment.
12. Inside delivery is required. Each voting location will direct where their equipment is to be placed. A signature will be required at the location from an onsite custodian, poll official, or Voter Registrations & Elections' staff. A copy will be left at location and a copy returned to the Elections office.
13. Bid, Payment and Performance Bonds are not required for this solicitation. The Fidelity Bond is required but does not have to be submitted with your bid. The recommended vendor will be required to submit their fidelity bond and insurance upon request prior to award. Please speak to your sureties to line up bond and insurance so that it can be obtained quickly when requested. If there is a cost associated with the bond or insurance, you will need to take it into consideration in your pricing. The awarded vendor will not be able to charge for these costs after the bid due date.
14. The awarded vendor(s) should work with the department to determine the size, type and number of trucks to accomplish the requested services after award. Once this determination is made, it must be confirmed in writing and approved by Voter Registrations' staff.
15. Each truck will have a minimum crew of two individuals that are covered under the company's fidelity bond.
16. Should a truck breakdown or become incapacitated for any reason, it will be the successful contractor's responsibility to immediately (within two (2) hours) substitute a working truck to offload and reload the equipment in order to maintain the delivery schedule.

17. The awarded vendor may load the equipment in their trucks with lift gates, ramps, etc. as long as the equipment is not damaged in the process.

18. It is the intent of the department to award this solicitation to one commercial moving company. However, award will be made in Gwinnett County's best interest.

Except as otherwise provided in the contract documents, any dispute concerning a question of fact arising under the contract which is not disposed of shall be decided after a hearing by the Purchasing Director, who shall reduce his/her decision to writing and mail or otherwise furnish a copy thereof to the contractor. The decision of the procurement agent shall be final and binding; however, the contractor shall have the right to appeal said decision to a court of competent jurisdiction.

XXI. SUBSTITUTIONS

Bidders offering and quoting on substitutions or who are deviating from the attached specifications shall list such deviations on a separate sheet to be submitted with their bid. The absence of such a substitution list shall indicate that the bidder has taken no exception to the specifications contained herein.

XXII. INELIGIBLE BIDDERS

The County may choose not to accept the bid of a bidder who is in default on the payment of taxes, licenses or other monies due to the County. Failure to respond to three (3) consecutive times for any given commodity/service may result in removal from the supplier list under that commodity/service.

XXIII. OCCUPATION TAX CERTIFICATE

Each successful bidder shall provide evidence of a valid Gwinnett County occupation tax certificate if the bidder maintains an office within the unincorporated area of Gwinnett County. Incorporated, out of County, and out of State bidders are required to provide evidence of a certificate to do business in any town, County or municipality in the State of Georgia, or as otherwise required by County ordinance or resolution.

XXIV. PURCHASING POLICY AND REVIEW COMMITTEE

The Purchasing Policy and Review Committee has been established to review purchasing procedures and make recommendations for changes; resolve problems regarding the purchasing process; make recommendations for standardization of commodities, schedule buying, qualified products list, annual contracts, supplier performance (Ineligible Source List), and other problems or requirements related to Purchasing. XXVI. ALTERATIONS OF SOLICITATION AND ASSOCIATED DOCUMENTS

If there are "exceptions" or comments to any of the solicitation requirements or other language, then the firm may make notes to those areas, but may not materially alter any document language.

XXVII. TAX LIABILITY

Local and state governmental entities must notify contractors of their use tax liability on public works projects. Under Georgia law, private contractors are responsible for paying a use tax equal to the sales tax rate on material and equipment purchased under a governmental exemption that is incorporated into a government construction project: excluding material and equipment provided for the installation, repair, or expansion of a public water, gas or sewer system when the property is installed for general distribution purposes. To the extent the tangible personal property maintains its character (for example the installation of a kitchen stove), it remains tax-exempt. However, if the installation incorporates the tangible personal property into realty, e.g., the installation of sheetrock, it becomes taxable to the private contractor.
