The Gwinnett County Board of Commissioners is interested in receiving proposals from qualified service providers for the provision of damage recovery services.

The County feels that it is very important to develop a close relationship with the service provider(s). It is not required that representatives or companies provide a proposal on all sections of the Request for Proposal (RFP). The proposal will be broken down into two (2) sections. These sections are:

- A. Vehicle Damage Recovery Services
- B. Fixed Property Damage Recovery Services

Each of these two (2) sections will be scored separately; each section may be awarded to a different service provider, or all sections may be awarded to one service provider. Gwinnett County will award this contract in its best interest.

I. Scope of Work and Proposal Format: Section A and Section B

The proposal should follow the format listed below. If a service provider will not be submitting a proposal for a specific section, please indicate on the first sheet following the tab. NOTE: Service providers are not required to propose on both tabs. Proposals may be submitted for Section A only, Section B only, or both.

A. Section A: Vehicle Damage Recovery Services

Gwinnett County is seeking proposals from qualified service providers to establish a cooperative contract or contracts for Vehicle Claim Assignments on behalf of the county.

The County is looking for a service provider to be able to take damage claim assignments on accident files where County-owned vehicles have been involved in a loss where there was an at-fault party who caused the damage. Service provider must be able to set up a physical damage only (not liability) file and perform the following services on a contingent fee basis:

1. Review the file for at-fault parties and properly identify the driver and owner of the vehicle and their insurance carrier.
2. Be able to have the vehicle appraised by an I-Car (Inter Industry Conference for Collision Repair) Gold Class or better appraiser and have that appraisal reviewed by a central estimate review team also having I-Car Gold Class certification to ensure accuracy, completeness, and compliance with I-Car standards as well as the vehicle manufacturer’s design and repair specifications.
3. Be able to provide subrogation services for the recovery of damages (repairable damage or total loss) and be able to attest to and subsequently prove average recovery times of 90 days or fewer.
4. Be able to, based upon documentation provided by the County, identify, calculate, and pursue the at-fault party for the appropriate portion of the County’s cost to maintain a pool/fleet of specialty vehicles for the period of time the vehicle is being repaired or replaced; or, if the vehicle was a non-specialty vehicle that is routinely available in the rental market, the cost or value of a comparable vehicle for the period of time the vehicle was being repaired or replaced.
5. Be able to identify, properly document, and pursue the at-fault party for the repair related and inherent related diminution of value the vehicle sustained because of the damaged caused by the at-fault party, if any.
6. Be able to understand, have intimate knowledge of, effectively argue, and recover the costs associated when manufacturers warranties, physical, or practical tolerances have been compromised based upon thrust of impact and has rendered a piece of lifesaving equipment (such as stretchers and defibrillators) not usable until such time as testing has taken place. Those costs would be the shipping and testing of such equipment and subsequent repair. If the testing rendered such equipment worthless and/or not meeting the standards of being able to be used, recovery would include the fees and costs together with the replacement cost of the damaged equipment.
7. Be able to provide estimates for minor damages from photos.

Respondents need to be able to attest and subsequently prove they have a minimum of five (5) years' experience in the processing of physical damage claims. The five (5) years' experience will need to show a proven track record of recovering for diminution of value and loss of use and/or loss.

Respondents need to have a computer system where the County can view the progress of all files and have current technology to safeguard the information. The system also needs to allow files to be electronically uploaded. Such access shall be provided at no cost to the County.

Respondents need to be able to attest to and subsequently prove they have the skills, ability, and legal expertise to process and recover for damaged vehicles as a total loss where the damages are as low as 50% to 55% damage to actual cash value.

Respondents will need to be able to show they can handle damaged vehicle/salvage disposal and have title branding knowledge and statutory awareness for compliance on a national basis.

Respondents need to offer pricing for the above services as follows:

1. Respondents need to possess a fee structure that allows for the above services outlined in numbers 1, 2, and 3 above to yield a full (100%) recovery for the County on direct damages, subject to the total recovery obtained.
2. Respondents need to identify the percentage (or a detailed breakdown of the respondent's entire fee structure) of recovery they will retain for the following items:
 - i. Recovery for loss of use
 - ii. Recovery for repair related diminution of value
 - iii. Recovery for inherent related diminution of value

Respondents need to be clear that the only source of financial benefit to the service provider is the percentage of retained recovered proceeds for items (i) through (iii) shown above.

Respondents should include the following in their submission:

- Personnel qualifications
- An explanation of their approach, and understanding of the scope of work
- References
 - NOTE: References may be used for other sections if the work pertains to that specific section.

B. Section B: Fixed Property Damage Recovery Services

The County is looking for a service provider to be able to identify County-owned damaged fixed property (including, but not limited to, signs, traffic signals, guardrails, fire hydrants, and culverts). The service provider will investigate, through various means, the individuals or parties responsible for the damage, and collect on property damage claims on County streets and highways. Additionally, on occasion, the service provider will handle the recovery aspect of these claims that have been identified by the County.

1. Identify damaged, County-owned, property (non-automobile) and the at-fault parties responsible for those damages using methods determined by service provider.
2. Properly identify the driver and owner of the vehicle and their insurance carrier who are responsible for the fixed property damage.
3. Be able to determine the appropriate recovery amount using a combination of description of the damages, vendor databases, and assistance from the County when needed.
4. Be able to provide subrogation services for the recovery of damages and be able to attest to and subsequently prove average recovery times of 90 days or fewer.
5. Be able to subrogate services for fixed property damage on claims where the County generates the assignment.

Respondents need to be able to attest and subsequently prove they have a minimum of five (5) years' experience in the identifying and processing of fixed property damage claims.

Respondents need to have a computer system where the County can view the progress of all files and have current technology to safeguard the information. The system also needs to allow files to be electronically uploaded. Such access shall be provided at no cost to the County.

Respondents need to offer pricing for the above services as follows:

1. Respondents need to possess a fee structure that allows for the above services outlined in numbers 1 through 5 above.
2. Respondents need to be able to differentiate between claims identified by the service provider and claims provided by the County.
3. Respondents need to identify the percentage (or a detailed breakdown of respondent's entire fee structure) of recovery they will retain for the following items:
 - i. Recovery on claims that are identified by the service provider.
 - ii. Recovery on claims that are provided by the County.

Respondents need to be clear that the only source of financial benefit to the service provider from the County is the percentage of retained recovered proceeds for items (i) and (ii) shown above.

Respondents should include the following in their submission:

- Personnel qualifications
- An explanation of their approach, and understanding of the scope of work
- References
 - NOTE: References may be used for other sections if the work pertains to that specific section.

II. General Requirements

The full cost for proposal preparation is to be borne by the proposing service provider. Proposals must be signed in ink by a service provider official who has authorization to commit company resources. The service provider is responsible for delivery of the proposal on or before the stated date and time on Page 1 of this solicitation.

Proposal shall be submitted in a sealed envelope/package addressed to Gwinnett County Financial Services - Purchasing Division – 2nd Floor, 75 Langley Drive, Lawrenceville, Georgia 30046, and should be identified with proposal number, date of opening, and service provider name on the outside of the package. One (1) unbound original (secured with binder clip or rubber band) and five (5) exact, bound copies of the Technical Proposal should be submitted. One (1) original of the Cost Proposal should be submitted. All copies of the Technical Proposals must be identical. The Proposal should be enclosed in a sealed package. Within the sealed package, the **Cost Proposal must be enclosed in another separate sealed envelope** and marked "COST PROPOSAL." **If submitting a proposal for both sections, each section's Cost Proposal must be in its own separate sealed envelope.** All proposals and supporting materials as well as correspondence relating to this RFP become the property of Gwinnett County when received. Any proprietary information contained in the proposal should be indicated as such; however, a general indication that the entire contents, or a major portion, of the proposal is proprietary will not be honored.

Gwinnett County requests that written questions pertaining to the proposal be submitted to the contact person, listed below, at least two (2) business days prior to the Pre-Proposal Conference. Verbal questions will also be discussed at this conference. If changes to the RFP are required, they will be contained in an addendum. There is no intention to write and issue minutes of the Pre-Proposal Conference; however, all addenda will be posted on the Gwinnett County website, www.gwinnettcountry.com. If service providers require additional information concerning the proposal or the procurement process, please make such inquiries to Casey Beauston, Purchase Associate II, at (770) 822-7995 or casey.beauston@gwinnettcountry.com.

Individuals, firms, and businesses seeking an award of a Gwinnett County contract may not initiate or continue any verbal or written communications regarding a solicitation with any County officer, elected official, employee, or other County representative between the date of the issuance of the solicitation and the date of the final contract award by the Board of Commissioners. Violations will be reviewed by the Purchasing Director. If determined that such communication has compromised the competitive process, the offer submitted by the individual, firm, or business may be disqualified from consideration for award.

The awarded service provider(s) will be required, within ten (10) days of the Notice to Award, to provide the following:

- Certificate of Insurance as specified in the proposal documents
- Two (2) original, properly executed contract documents

Failure to provide the above documents within ten (10) days may be just cause for the annulment of the award. At the discretion of the County, the award may then be made to the next highest-scoring responsible proposer.

The County asks that proposers include any exceptions to contract, terms and conditions, or proposal requirements in their submittal.

The awarded service provider(s) shall provide coverage for the entire term of the contract as per the attached insurance requirements.

III. Criteria and Selection of Service Provider(s)

Section 1 and Section 2 will be scored separately based on the criteria stated below. The County will assemble an Evaluation Team to conduct the scoring.

Criteria		Points
Part 1		
1	Personnel Qualifications: Provide qualifications and experience of personnel who will be serving County account as recovery specialists.	35
2	Approach and understanding of Scope of Work: Clearly state service provider’s understanding of the work to be performed, including the approach for implementation, and documenting a plan of action, to include staffing.	35
3	References: Provide three (3) references where the requested types of services have been completed.	10
Part 2		
4	Cost (submitted in a separate sealed envelope)	20
Sub-Total		100
Part 3		
Optional Interview		10
Total (with Interview)		110

Part 1: The Evaluation Team will evaluate criteria as described above, and score and rank the proposals. After this scoring, the Evaluation Team may shortlist any number of the highest-ranking proposers, and they may advance to Part 2.

Part 2: The Evaluation Team will open only the Cost Proposals of the firms that have advanced to Part 2; the Cost Proposals will then be scored and ranked. The results will then be combined with the Part 1 scores of the proposers who advanced to Part 2. After this scoring, a number of the highest-ranking proposers may advance to Part 3 of the evaluation process and be invited to interview and/or provide a presentation. The number of proposers who

advance to Part 3 will be at the discretion of the Evaluation Team. The Evaluation Team may choose to make an award without conducting any interviews and/or presentations.

Part 3: At the discretion of the Evaluation Team, interviews and/or presentations may be conducted. If the County exercises this option, a maximum of ten (10) additional points may be assigned.

The Evaluation Team may request clarification or additional information during the evaluation process. All costs related to proposal submittal and interview (if required) will be borne by the Service Provider. Gwinnett County reserves the right to negotiate optional scope of work items and fees with the highest-ranking Service Provider. If a satisfactory Contract cannot be negotiated with the highest-ranked proposer, negotiations shall then be undertaken with the second-ranked proposer, and so on until a satisfactory agreement is reached.

2. Agreement
3. General Conditions
4. Detailed Scope of Work
5. Specifications

3. CHANGES AND EXTRA WORK

It is further agreed that if any information concerning the PROJECT, its conduct, results, or data gathered or processed should be released by the SERVICE PROVIDER without prior approval from the COUNTY, the release of same shall constitute grounds for termination of this Agreement without indemnity to the SERVICE PROVIDER, but should any such information be released by the COUNTY or by the SERVICE PROVIDER with such prior written approval, the same shall be regarded as public information and no longer subject to the restrictions of this Agreement.

7. TERMINATION OF AGREEMENT FOR CAUSE

On all such purchases, the vendor shall reimburse the County within a reasonable time specified by the Purchasing Director for any expense incurred in excess of the contract prices, or the County shall have the right to deduct such amount from monies owed the defaulting vendor. Alternatively, the County may penalize the vendor one percent (1%) per day for a period of up to ten (10) days for each day that delivery or replacement is late. The County, on its part, may order from such vendor, except for cause beyond reasonable control, and to pay for, at the agreed prices, all articles specified and delivered.

When the vendor has performed in accordance with the provisions of this agreement, Gwinnett County shall pay to the vendor, within thirty (30) days of receipt of any department approved payment request and based upon work completed or service provided pursuant to the contract, the sum so requested, less the retainage stated in this agreement, if any. If Gwinnett County fails to pay the vendor within sixty (60) days of receipt of a pay request based upon work completed or service provided pursuant to the contract, the County shall pay the vendor interest at the rate of ½% per month or pro rata fraction thereof, beginning the sixty-first (61st) day following receipt of pay requests. The vendor's acceptance of progress payments or final payment shall release all claims for interest on said payment.

The parties agree that this Contract shall be governed and construed in accordance with the laws of the State of Georgia.

XVI. NON-COLLUSION

An affidavit of non-collusion shall be executed by each vendor. Collusion and fraud in submittal preparation shall be reported to the State of Georgia Attorney General and the United States Justice Department.

XVII. DEFAULT

The contract may be canceled or annulled by the Purchasing Director in whole or in part by written notice of default to the vendor upon non-performance or violation of contract terms. An award may be made to the next low responsive and responsible vendor, or the next highest scoring responsive and responsible proposer, or articles specified may be purchased on the open market similar to those so terminated. In either event, the defaulting vendor (or their surety) shall be liable to the County for costs to the County in excess of the defaulted contract prices; provided, however, that the vendor shall continue the performance of this contract to the extent not terminated under the provisions of this clause. Failure of the vendor to deliver materials or services within the time stipulated on their offer, unless extended in writing by the Purchasing Director, shall constitute contract default.

XX. SUBSTITUTIONS

Vendors offering substitutions or who are deviating from the attached specifications shall list such deviations on a separate sheet to be submitted with their offer. The absence of such a substitution list shall indicate that the vendor has taken no exception to the specifications contained herein.

XXI. INELIGIBLE VENDORS

The County may choose not to accept the offer by an individual, firm, or business who is in default on the payment of taxes, licenses, or other monies owed to the County. Additionally, vendors or persons placed on an Ineligible Source List for reasons listed in Part 6, Section II of the Gwinnett County Purchasing Ordinance shall not be eligible to provide any commodities or services to the County during the period such person remains on the Ineligible Source List.

XXVII. TAX LIABILITY

Local and state governmental entities must notify vendors of their use tax liability on public works projects. Under Georgia law, private vendors are responsible for paying a use tax equal to the sales tax rate on material and equipment purchased under a governmental exemption that is incorporated into a government construction project: excluding material and equipment provided for the installation, repair, or expansion of a public water, gas, or sewer system when the property is installed for general distribution purposes. To the extent the tangible personal property maintains its character (for example, the installation of a kitchen stove), it remains tax-exempt. However, if the installation incorporates the tangible personal property into realty (for example, the installation of sheetrock), it becomes taxable to the private vendor. See O.C.G.A. §48-8-3(2) and O.C.G.A. §48-8-63.

The Purchasing Division Director with the assistance of the Internal Audit Division shall be authorized to conduct random audits of a vendor's or subcontractors' compliance with the Illegal Immigration Reform Enhancements for 2013 and the rules and regulations of the Georgia Department of Labor. The vendor and subcontractors shall retain all documents and records of its compliance for a period of five (5) years following completion of the contract or shall abide by the current time requirements at the time of the contract. This requirement shall apply to all contracts for all public works, labor or service contracts that exceed \$2,499.99 except for services performed by an individual who is licensed pursuant to Title 26, Title 43, or the State Bar of Georgia.

Whenever it appears that a vendor's or subcontractor's records are not sufficient to verify the work eligibility of any individual in the employment of such vendor or subcontractor, the Purchasing Director shall report same to the Department of Homeland Security and may result in termination of the contract if it is determined at any time during the work that the vendor or subcontractor is no longer in compliance with worker verification.

By submitting an offer to the County, vendor agrees that, in the event the vendor employs or contracts with any subcontractor(s) in connection with the covered contract, the vendor will secure from the subcontractor(s) such subcontractor(s)' indication of the employee-number category applicable to the subcontractor, as well as attestation(s) from such subcontractor(s) that they follow the Illegal Immigration Reform Enhancements for 2013 in conjunction with all federal requirements. Such preference shall not sacrifice quality. Gwinnett County Board of Commissioners shall consider, among other factors, information submitted by the vendor which may include the vendor's estimate of the multiplier effect on gross state domestic product and the effect on public revenues of the state and the effect on public revenues of political subdivisions resulting from acceptance of an offer to sell Georgia manufactured or produced goods as opposed to out-of-state manufactured or produced goods. Any such estimates shall be in writing. (O.C.G.A. §36-84-1).

Such obligation shall not be construed to negate, abridge, or otherwise reduce any of the rights or obligations of indemnity which would otherwise exist as to any party or person described in this agreement. In any and all claims against the County, its commissioners, officers, agents, and employees by any employee of the vendor, any subcontractor, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, the indemnification obligation contained herein shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for the vendor or any subcontractor under Worker's Compensation Acts, disability benefit acts, or other employee benefit acts.

Vendor shall also indemnify, hold harmless, insure, and defend the County for damages, losses, or expenses to the extent caused by or resulting from the negligence, recklessness, or intentionally wrongful conduct of the vendor or other persons employed or utilized by the vendor in the performance of a contract that utilizes survey services.
