ADDENDUM #1
BL137-24, Collins Hill Park Pavement Rehabilitation

QUESTIONS & ANSWERS:

- Q1. Does the county want to install new wheelstops or remove/reuse the existing ones?**
A1. The awarded contractor shall install new wheel stops where shown in the drawings.
- Q2. According to the plans (C-1), it says "mill & overlay" by the maintenance shed. This area was mentioned during the pre-bid conference. Can you confirm if the area by the maintenance shed is part of the scope of work of this contract?**
A2. There shall be no mill and overlay inside the maintenance area fencing.
- Q3. We were looking through the bid packet for Collins Hill and didn't see anything about the milling and resurfacing on the unit price schedule. Is milling and resurfacing included in the unit price items or only in the base bid?**
A3. There is no milling or resurfacing in the unit price schedule. To clarify, this is NOT a unit price contract. It is a lump sum contract. There have been a few unit price items included in the Base Bid, should the County decide to use them. If the unit prices are not used, the contract total will be adjusted to remove the unused unit costs.

This addendum should be acknowledged in the space provided on page 13 of the bid documents and returned with your bid. Failure to do so may result in your bid being deemed non-responsive.

Thank you,

Jake Scarpone
