REQUEST FOR PROPOSAL PROVISION OF A SOLID WASTE MANAGEMENT PLAN

I. INTRODUCTION

Gwinnett County is a suburban county located approximately 30 miles northeast of Atlanta, Georgia, and has an estimated population of 1,008,402 (Woods & Poole, 2024) and an area of 437 square miles. Approximately 75% of the population resides in unincorporated Gwinnett County, and 25% resides in the incorporated areas currently consisting of 16 cities.

The governing authority of the County consists of a five-person Board of Commissioners, including a fulltime Chairwoman elected at large and four part-time Commissioners elected on a district basis. The County operates under the County Administrator form of management. The County Administrator reports directly to the Board of Commissioners and oversees the activities of the 14 appointed County department directors. In addition, the County Administrator's Office acts as a liaison for the Board with other elected and appointed officials including the Chief Magistrate, Clerk of Court, District Attorney, Probate Court Judge, Sheriff, Solicitor, State Court Judges, Superior Court Judges, the Tax Commissioner, Juvenile Court Judges, Recorder's Court Judges, and the Court Administrator.

Gwinnett County government is the second largest service provider in the State of Georgia, second only to the State of Georgia. The County provides a wide array of services to its residents, businesses, and visitors, including construction and maintenance of roads, a robust court system, police, fire and emergency services, recreation, and water and sewerage services. Gwinnett County Solid Waste Management is a division within the Support Services Department, ensuring cleaner neighborhoods and environmental sustainability across the County. The section's functions include the management of solid waste and recycling for both residents and businesses.

The County contractually oversees the collection of residential solid waste and recycling in the unincorporated areas of Gwinnett County. The 16 municipalities manage their collection and recycling programs. Both Commercial and Construction and Demolition haulers complete an annual application to provide service in unincorporated Gwinnett County and are required to report quarterly tonnage and gross revenues to Gwinnett County Solid Waste.

A. BACKGROUND ABOUT GWINNETT COUNTY SOLID WASTE MANAGEMENT

Gwinnett County's solid waste management program has evolved over time. The County's Solid Waste Management Plan, located at <https://www.gwinnettcounty.com/services/solidwastemanagement>, provides historical information regarding the program. The remainder of the section provides background as to the current program in unincorporated Gwinnett County.

a. Residential Trash and Recycling Curbside Services

In 2010, the County transitioned from a subscription to the current County-wide system for residential trash and recycling services for the unincorporated areas. Under the current system, unincorporated Gwinnett County residents are included in one of the five service districts. Each of the service districts are served by a hauler that has the exclusive rights to provide solid waste and recycling services in the designated service district. Residents receive weekly collection of one 95-gallon trash cart and one 65-gallon recycling cart or 18-gallon recycle bin. In addition, residents receive pickup of bulk items and white goods is available on a scheduled basis. Residents may subscribe to yard waste service directly with their assigned hauler. Haulers provide quarterly reports of the amounts of solid waste, recyclables, and yard waste collected within each service district.

In 2020, Gwinnett County was awarded a \$100,000 matching grant from The Recycling Partnership for recycling education to reduce contamination at the curb and to increase the number of 65-gallon curbside carts in the County's residential solid waste management program. As a result of this grant, more than 25,000 65-gallon curbside containers were distributed within unincorporated Gwinnett County.

The current County-wide system for residential trash and recycling services for the unincorporated areas is governed by both an agreement between the County and its residential solid waste haulers, and the Solid Waste ordinance. The agreements were amended in 2018, 2020, and the current program is governed by the 2022 amendment.

b. Residential Pilot Glass Recycling Drop-off Services

Gwinnett County implemented a pilot glass drop-off recycling drop-off program in December 2021. Two additional locations were added in 2022, and more than 765 tons of glass have been collected to date. In 2023, the County was awarded a Recycling, Waste Reduction, and Diversion Grant from the Georgia Department of Natural Resources, Environmental Protection Division, to add 10 glass drop-off recycling locations throughout the County. By December 31, 2023, the County had 13 drop-off locations for glass in place. The grant is through May 2025.

c. Municipal Measurement Program

In 2019, Gwinnett County applied to become a participant in the Municipal Measurement Program (MMP). The MMP was designed by the Recycling Partnership and Re-Trac to create a central database of local government program information to improve recycling in the United States. The MMP promotes consistent measurement, analyzes program performance, and facilitates comparative analysis. The data is verified by The Recycling Partnership prior to inclusion in the nationwide dataset. Gwinnett County became a participant in the MMP in 2020.

d. Green Communities program

The County has a history of success with sustainability. Atlanta Regional Commission has recognized this success by awarding the County the following certifications in their Green Communities Program: Bronze status in 2010, Silver status in 2012, Gold status in 2014, and the highest status, Platinum, in 2018. At the time of achieving Platinum status, Gwinnett County was the first and only county in the state of Georgia to have achieved Platinum certification. Platinum status was achieved again in 2022.

e. Additional Sustainability Initiatives

In 2021, County leaders increased their focus on sustainability initiatives. In April 2021, the Board of Commissioners established a Sustainability Commission to provide advice and recommendations on matters related to the County's sustainability practices and efforts. The same year, the County Administrator created an internal Sustainability Team to define the Gwinnett Standard for environmental sustainability practices, policies, and programs and to promote County-wide adoption of that standard. The County hired a Sustainability Officer in January 2024.

On all such purchases, the vendor shall reimburse the County within a reasonable time specified by the Purchasing Director for any expense incurred in excess of the contract prices, or the County shall have the right to deduct such amount from monies owed the defaulting vendor. Alternatively, the County may penalize the vendor one percent (1%) per day for a period of up to ten (10) days for each day that delivery or replacement is late. Should public necessity demand it, the County reserves the right to use or consume articles/services delivered which are substandard in quality, subject to an adjustment in price to be determined by the Purchasing Director.

The County, on its part, may order from such vendor, except for cause beyond reasonable control, and to pay for, at the agreed prices, all articles specified and delivered.

When the vendor has performed in accordance with the provisions of this agreement, Gwinnett County shall pay to the vendor, within thirty (30) days of receipt of any department approved payment request and based upon work completed or service provided pursuant to the contract, the sum so requested, less the retainage stated in this agreement, if any. If Gwinnett County fails to pay the vendor within sixty (60) days of receipt of a pay request based upon work completed or service provided pursuant to the contract, the County shall pay the vendor interest at the rate of ½% per month or pro rata fraction thereof, beginning the sixty-first (61st) day following receipt of pay requests. The vendor's acceptance of progress payments or final payment shall release all claims for interest on said payment.

The parties agree that this Contract shall be governed and construed in accordance with the laws of the State of Georgia.

XVI. NON-COLLUSION

Vendor declares that the submittal is not made in connection with any other vendor's submittal for the same commodity or commodities, and that the submittal is bona fide and is in all respects fair and without collusion or fraud. An affidavit of non-collusion shall be executed by each vendor. Collusion and fraud in submittal preparation shall be reported to the State of Georgia Attorney General and the United States Justice Department.

XVII. DEFAULT

The contract may be canceled or annulled by the Purchasing Director in whole or in part by written notice of default to the vendor upon non-performance or violation of contract terms. An award may be made to the next low responsive and responsible vendor, or the next highest scoring responsive and responsible proposer, or articles specified may be purchased on the open market similar to

those so terminated. In either event, the defaulting vendor (or their surety) shall be liable to the County for costs to the County in excess of the defaulted contract prices; provided, however, that the vendor shall continue the performance of this contract to the extent not terminated under the provisions of this clause. Failure of the vendor to deliver materials or services within the time stipulated on their offer, unless extended in writing by the Purchasing Director, shall constitute contract default.

XVIII. TERMINATION FOR CAUSE

The County may terminate this agreement for cause upon ten days prior written notice to the vendor of the vendor's default in the performance of any term of this agreement. Such termination shall be without prejudice to any of the County's rights or remedies by law.

XIX. TERMINATION FOR CONVENIENCE

The County may terminate this agreement for its convenience at any time upon 30 days written notice to the vendor. In the event of the County's termination of this agreement for convenience, the vendor will be paid for those services actually performed. Partially completed performance of the agreement will be compensated based upon a signed statement of completion to be submitted by the vendor, which shall itemize each element of performance.

XX. SUBSTITUTIONS

Vendors offering substitutions or who are deviating from the attached specifications shall list such deviations on a separate sheet to be submitted with their offer. The absence of such a substitution list shall indicate that the vendor has taken no exception to the specifications contained herein.

XXI. INELIGIBLE VENDORS

The County may choose not to accept the offer by an individual, firm, or business who is in default on the payment of taxes, licenses, or other monies owed to the County. Additionally, vendors or persons placed on an Ineligible Source List for reasons listed in Part 6, Section II of the Gwinnett County Purchasing Ordinance shall not be eligible to provide any commodities or services to the County during the period such person remains on the Ineligible Source List.

Vendors may be required to provide evidence of valid certificates. Out of State vendors are required to have a certificate in the Georgia jurisdiction where they receive the most revenue.

XXIV. PURCHASING POLICY AND REVIEW COMMITTEE

The Purchasing Policy & Review Committee has been established to review purchasing procedures and make recommendations for changes; resolve problems regarding the purchasing process; make recommendations for standardization of commodities, schedule buying, qualified products list, annual contracts, supplier performance (Ineligible Source List), and other problems or requirements related to purchasing. The Purchasing Policy & Review Committee has authority to place vendors on

If there are "exceptions" or comments to any of the solicitation requirements or other language, then the firm may make notes to those areas, but may not materially alter any document language.

XXVII. TAX LIABILITY

Local and state governmental entities must notify vendors of their use tax liability on public works projects. Under Georgia law, private vendors are responsible for paying a use tax equal to the sales tax rate on material and equipment purchased under a governmental exemption that is incorporated into a government construction project: excluding material and equipment provided for the installation, repair, or expansion of a public water, gas, or sewer system when the property is installed for general distribution purposes. To the extent the tangible personal property maintains its character (for example, the installation of a kitchen stove), it remains tax-exempt. However, if the installation incorporates the tangible personal property into realty (for example, the installation of sheetrock), it becomes taxable to the private vendor. See O.C.G.A. §48-8-3(2) and O.C.G.A. §48-8-63.

The Purchasing Division Director with the assistance of the Internal Audit Division shall be authorized to conduct random audits of a vendor's or subcontractors' compliance with the Illegal Immigration Reform Enhancements for 2013 and the rules and regulations of the Georgia Department of Labor. The vendor and subcontractors shall retain all documents and records of its compliance for a period of five (5) years following completion of the contract or shall abide by the current time requirements at the time of the contract. This requirement shall apply to all contracts for all public works, labor or service contracts that exceed \$2,499.99 except for services performed by an individual who is licensed pursuant to Title 26, Title 43, or the State Bar of Georgia.

Whenever it appears that a vendor's or subcontractor's records are not sufficient to verify the work eligibility of any individual in the employment of such vendor or subcontractor, the Purchasing

Director shall report same to the Department of Homeland Security and may result in termination of the contract if it is determined at any time during the work that the vendor or subcontractor is no longer in compliance with worker verification.

By submitting an offer to the County, vendor agrees that, in the event the vendor employs or contracts with any subcontractor(s) in connection with the covered contract, the vendor will secure from the subcontractor(s) such subcontractor(s)' indication of the employee-number category applicable to the subcontractor, as well as attestation(s) from such subcontractor(s) that they follow the Illegal Immigration Reform Enhancements for 2013 in conjunction with all federal requirements. Original signed, notarized Subcontractor Affidavits and Agreements must be maintained by the vendor awarded the contract.

Such preference shall not sacrifice quality. Gwinnett County Board of Commissioners shall consider, among other factors, information submitted by the vendor which may include the vendor's estimate of the multiplier effect on gross state domestic product and the effect on public revenues of the state and the effect on public revenues of political subdivisions resulting from acceptance of an offer to sell Georgia manufactured or produced goods as opposed to out-of-state manufactured or produced goods. Any such estimates shall be in writing. (O.C.G.A. §36-84-1).

XXXII. INDEMNIFICATION

To the fullest extent permitted by law, the vendor shall, at his sole cost and expense, indemnify, defend, satisfy all judgments, and hold harmless the County, its commissioners, officers, agents, and employees from and against all claims, damages, actions, judgments, costs, penalties, liabilities, losses and expenses, including, but not limited to, attorney's fees arising out of or resulting from the performance of the work, provided that any such claim, damage, action, judgment, cost, penalty, liability, loss or expense (1) is attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property (other than the work itself) including the loss of use resulting therefrom, and (2) is caused in whole or in part by the negligent acts, errors by any act or omission of the vendor, any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, regardless whether such claim is caused in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or otherwise reduce any of the rights or obligations of indemnity which would otherwise exist as to any party or

person described in this agreement. In any and all claims against the County, its commissioners, officers, agents, and employees by any employee of the vendor, any subcontractor, anyone directly or indirectly employed by any of them, or anyone for whose acts any of them may be liable, the indemnification obligation contained herein shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for the vendor or any subcontractor under Worker's Compensation Acts, disability benefit acts, or other employee benefit acts.

Vendor shall also indemnify, hold harmless, insure, and defend the County for damages, losses, or expenses to the extent caused by or resulting from the negligence, recklessness, or intentionally wrongful conduct of the vendor or other persons employed or utilized by the vendor in the performance of a contract that utilizes survey services.

XXXIII. CODE OF ETHICS

Vendors shall disclose under oath the name of all elected officials whom it employs or who have a direct or indirect pecuniary interest in the business entity, its affiliates, or its subcontractors.
